

AWS Challenge HackOHI/O X

Use Amazon Alexa and at least two AWS services to address a challenge facing the Ohio State University community. An Amazon Alexa device is not required to complete this challenge.

Prizes

- Best overall solution: Each member of the team (up to 4 members) will receive an Amazon Echo Show 5 (2nd Gen) + \$100 Amazon gift card.
- Most technical solution: Each member of the team (up to 4 members) will receive a \$50 Amazon gift card.
- Each team can win only once. If the 'best overall solution' also happens to be the most technical solution then 'most technical solution' will be awarded to different team.

Judging

- Clearly articulate the challenge addressed by, and the intended outcome of, the solution.
- Include a demonstration of the solution.
- Articulate how your solution makes meaningful use of Amazon Alexa and at least two AWS services.
- Promote positive community culture.
